

SUBPOENAS GUESTS TO ATTEND FETE

G. Thomas Dunlop Sends Unique
Invitations to Lawn Party.
Officials to Respond.

Leading legal lights of the National Capital will be guests at a lawn fete at the home of G. Thomas Dunlop, North Chevy Chase Lake, this afternoon. Among the guests will be the Commissioners, a justice of the United States Supreme Court, and all the corporation counsel of the District.

The purpose of the gathering, it was said at Mr. Dunlop's home last night, is to give the younger lawyers of the Capital an opportunity to meet the men who have attained success in the profession, and a number of Mr. Dunlop's friends, not lawyers, also have been invited to meet the notables.

The invitations to the function were probably the most unique ever issued for such an affair. They were in the form of subpoenas, legal verbiage, et al., and demanded that the addressee "produce himself" promptly at the place and hour named.

The replies were diversified and as witty as the invitations. Without exception, each of those invited expressed willingness to attend, and expressed himself in legal form. One of the acceptances was an affidavit, the name of the summons being "John Doe," which the invited man solemnly swore that he would attend the function.

Mrs. Ford alleged she was injured at Twelfth Street and New York Avenue October 5, 1909, by falling into an excavation along the tracks of the company. Contentions of counsel for the defendant was that the excavation was properly guarded.

PLAN TO STOP CATS' MIDNIGHT OPERA

Commissioners Issue Edict Ordering
All Felines Running at Large
Be Impounded.

The species of cat that takes delight in encoigning itself upon the back fence at undesirable hours and serenading would-be sleepers is doomed. The habits of the feline have incurred the displeasure of the Commissioners, and as all other offenders who arouse the ire of the District officials, his punishment will be swift and terrible.

An edict issued at the District Building yesterday provides that all stray cats hereafter found roaming at large will be impounded and put to death. The unfortunate feline must in the future be confined to the premises of its owner, or should its mistress deem it necessary to take it for an airing, it must be held in leash. The law for the impounding of dogs provides that the animal may be recovered upon payment by the owner of \$2, but no such leniency is extended to the cat.

Nine cats have been impounded since July 1 last year, the Commissioners say, and each of the "peta" is accused of being afflicted with rabies. They also were accused of biting eleven persons. It is to prevent a spread of the dread disease, the officials declare, that the amendment to the police regulations is made.

The term "running at large" is held by the authorities to have the same meaning as in the proclamation relating to the muzzling of dogs.

This is not the first proposition to place a tax on cats. Such a measure was under consideration by the Board of Commissioners several years ago, but it met with serious opposition by the Washington Cat Club, of which Mrs. Henry L. West, wife of former Commissioner West, was president. No action was taken at that time.

TAX RECORD GOES BY BOARDS.

New Figure Set for Collections by District Officers.

In a statement to Commissioner Rudolph yesterday C. C. Rogers, Collector of Taxes, informed the official that a new record for tax collection had been set during the month of May. The total amount collected was \$2,617,713.75. The figures are \$16,440 in excess of the collections for the same period last year. The collections on the last day of the month amounted to \$2,471,169.39, compared with the collections of May 31, 1911, of \$2,152,585.70.

Collector Rogers has installed a new system of auditing in his office, by which it is possible to audit the accounts at the close of each day's business.

Y. W. C. A. ELECTS OFFICERS.

System of Choosing Board of Trustees Is Changed.

At the annual meeting of the Young Women's Christian Association, held in the association's building at Twelfth and P Streets Northwest, yesterday afternoon, the complete working organization for the ensuing year was formed by the election of officers, trustees, and directors. Mrs. William Hamilton Hayley was re-elected president, and Miss Elizabeth P. Pierce, first vice president; Mrs. J. S. Scully, fourth vice president; Miss Margaret R. Fox, treasurer, and Miss P. E. Chickering, corresponding secretary, also were re-elected. New officers chosen included Mrs. John B. Kendall, second vice president; Mrs. C. W. Richardson, third vice president, and Miss Mabel Grandin, recording secretary.

Although in previous years the terms of all of the members of the board of trustees expired at once, this system was abolished at yesterday's meeting, and the board was realigned, as follows: A. M. Lothrop, John S. Scully, and Mrs. Frank G. Carpenter, to serve for three years; Laurence E. Lee, Philip Herrmann, and Eldridge E. Jordan, to serve for two years; George W. White, William E. Means, and Gifford Pinchot, to serve for one year.

Of the members of the board of directors whose terms expired with the end of this fiscal year, Mrs. William Hamilton Hayley, Mrs. H. B. P. MacFarland, Mrs. Charles W. Richardson, Miss Alice Boyd, and Miss Grace Kendall were re-elected. Mrs. Fred Wright and Mrs. Griffith Johnston were new members elected to the board. All directors elected yesterday will serve until 1915.

BREAD WRAPPER BEING PERFECTED

Prospects Are Good for Sanitary
Handling of Staple in the
Near Future.

For the purpose of introducing into his establishment the sanitary process of wrapping bread before distribution, a local baker, who has requested that his name be kept secret, is having perfected a bread-wrapping machine. The machine was ordered some time ago. It was announced yesterday that the delay in the delivery of machinery has been due to the fact that many improvements in the interests of greater celerity are being made.

A delegation of women from the committee of the Housekeepers' Alliance, in charge of the campaign, will confer with the baker on June 16, in order to ascertain the success of the improved machinery and determine when it will be installed in the bakery. If the experiments conducted by the firm manufacturing the machine are satisfactory, the apparatus will be brought to Washington immediately.

Those in charge of the bread-wrapping crusade will suspend operations for the summer, but will renew the campaign with vigor in the early fall. Miss George Robertson, of tobacco, and A. K. Keweenaw, in chairman of the committee, which is crusading for bakery wrapped bread. Mrs. Harvey W. Wiley, who is a member of the Housekeepers' Alliance and is deeply interested in the crusade, has been compelled to suspend her activities in connection with the campaign temporarily because of her new career as a mother. Mrs. Wiley said yesterday afternoon that she will join the crusade early in the fall.

PLAYMATE POURS OIL

ON YOUNGSTER AND THEN APPLIES MATCH

Salisbury, Md., June 13.—This afternoon about 4 o'clock the life of the ten-year-old son of William Hastings, a barber, was endangered by the pranks of his companion, a lad about fifteen years old named John Niblet. The story of the little fellow, who was horribly burned, is that young Niblet enticed him from home to go boat riding. He says they went down to the river near the Division Street bridge and entered a gasoline boat tied to the wharf, and that when they had gotten into the boat young Niblet poured coal-oil on his head and shoulders, which dripped down to his feet, and then lighted a match and applied it to his knees.

In a moment he was a pillar of flame. His cries attracted the attention of a man passing over the bridge, who ran down and threw the little fellow into the river. A soon as the flames were extinguished the man rescued the boy from the water and took him to the hospital at the top of the hill. Dr. Dick was summoned and the mother and father soon arrived at the hospital to find their boy's feet, legs, back, arms, and head fearfully burned. Dr. Dick says he is so fearfully burned he thinks he can live but a short time.

The Niblet boy ran away from the little fellow as soon as he had applied the match. It is likely he will be apprehended, and if the facts are as told by the Hastings boy, the authorities will take charge of Niblet and put him in some place of confinement.

After Beef Trust Again.

It was definitely ascertained at the Department of Justice last yesterday that the government again will prosecute the beef packers at Chicago under the Sherman antitrust law. Attorney General Wickersham asserted he had sent for District Attorney Wilkerson, of Chicago, who will reach Washington next Tuesday. The action probably will be brought in the civil court.

Feeble-minded Millionaire Lives Life of Twenty-five Years Ago.

New York, June 13.—Living in the past, oblivious to all that pertains to the present, not knowing that he is a millionaire and that \$1,000 of the income from his money is being spent on him monthly, Samuel B. Hasket, the Brooklyn recluse, seventy-eight years old, is spending an old age that is a marvel to behold.

Three months ago Mr. Hasket was found lying ill amid squalor in his Remsen Street mansion, with half a dozen lawyers fighting for control of his wealth. The shattering of a romance, the chairman of the committee, which is crusading for bakery wrapped bread. Mrs. Harvey W. Wiley, who is a member of the Housekeepers' Alliance and is deeply interested in the crusade, has been compelled to suspend her activities in connection with the campaign temporarily because of her new career as a mother. Mrs. Wiley said yesterday afternoon that she will join the crusade early in the fall.

Why he should now be so happy was a mystery until this week, when it was discovered that he has lost all consciousness of the world about him, and that he imagines himself a man of fifty, a man of leisure of twenty-five years ago. He spends practically all his time among his old books and knows no friends but those of twenty-five years ago. He never reads newspapers and knows nothing of modern topics. Efforts to arouse interest in his mind in the life about him have been prohibited by his physicians, who declare that if his present state of mind can be preserved he will live to be more than a hundred years old.
